

## **Game: Environment Corners**

4 signs (Environment, Recycle, Pollution, Air)

Place a sign on each corner of the hall. As the story is read Joey Scouts run to the mentioned corner. When CARE is called they all run to the centre. Have the Leader read the following story from the centre.

“We must all CARE for the ENVIRONMENT. If we want to have clean AIR and a healthy ENVIRONMENT, we must CARE to RECYCLE our rubbish instead of littering our ENVIRONMENT with it or causing POLLUTION of the AIR by burning it. We can all make a compost bin for our vegetable and fruit scraps and use this to dig into the soil and make the ENVIRONMENT healthy. If we all try to RECYCLE our cans, paper and glass and show others that we CARE, then they will RECYCLE their rubbish too. If we CARE for each other, then instead of sadness the air will be filled with laughter, and the ENVIRONMENT will be happy. So as good Joey Scouts, we must CARE for each other, RECYCLE our rubbish, CARE for the ENVIRONMENT and keep the AIR fresh and free from POLLUTION, then the ENVIRONMENT will be a happy place. So let's show the world we CARE.”
