Scouts in Action Month 2019

AQUA Scouts in Action

Joey Unit Program

Game **Ice & Water**

Equipment

Nil

Method

Joey Scouts move around until Leader calls Ice or Water. On Ice they must freeze, but when Water is called they must flop to the floor. Anyone who does the wrong action, or moves when supposed to be frozen, is out

Activity **Elastic Band Paddle Boats**

Equipment

Popsicle Sticks, Glue Gun with Glue Sticks, Elastic Bands, Knife or Stanley Knife, Sandpaper

Method

Watch this video - <https://www.youtube.com/watch?v=nPg7lvcm32g>

You may need to pre-make a boat so you know how many popsicle stick to use and have them pre-cut for the Joey Scouts.
Have parents supervise/assist with the glueing

Joey Scouts to test boats in a bucket of water or kitchen sink or other suitable container.

Game **Ice Hockey**

Equipment

Frozen puck (made from freezing water in a margarine container, plastic tarp and newspaper bats (rolled up newspapers secured with electrical tape/masking tape makes for a longer lasting bat). Method: Place the tarp on the floor, in the middle of the tarp place your ice puck and two newspaper bats. Divide JS in half and line up on either side of the tarp, number them off. Leader calls a number the two JS with that number go onto the mat, pick up a bat and try to get the puck off their designated end of the tarp.

Game **In the Pond**

Equipment

Chalk to draw a circle on the floor

Method

Mark a big circle on the floor. This is the pond. The whole mob stands around the edge. When the leader says "In the pond", everyone jumps into the circle. When the leader shouts, "On the bank" everyone jumps out. Sharpen listening skills, try to fool everyone by saying, "On the pond" or "In the bank"
